The Federation of Chinese Canadians in Markham (FCCM) is a not-for-profit organization dedicated to the provision of services to the Chinese community and the integration of Chinese Canadians into the mainstream of Canada. Established in 1989, FCCM was formally incorporated on May 22, 1992. It is managed by a volunteer Board of Directors.

Since its establishment, FCCM has been actively working towards its goals through a variety of social, cultural, and business activities, not only to assist Chinese Canadians, but also to promote a better understanding between Chinese people and the many ethnic groups of the Canadian society. FCCM is divided into four main divisions: the **Markham Chinese Seniors Association**, the **Chinese Canadian Sports and Recreation Club of Markham**, the **Chinese Chamber of Commerce in Markham**, and the **Markham Chinese Cultural Centre**.

The Senior Division organizes programs to meet the needs of the seniors, such as mah-jong, birthday parties, exercise classes, and excursions. The Sports Division organizes events like annual picnics, Christmas parties, regular badminton, basketball and dancing practice sessions, as well as operating the Scouts section.

The Business Division concentrates on networking, disseminating information and organizing educational seminars for the business professionals. The Cultural Division is engaged in fostering cultural exchanges, and provide various cultural programs in addition to the teaching of English and Chinese languages.

FCCM is also very much involved with the community, and welcomes the opportunity to work for its benefit through cooperation with charitable institutions such as United Way of York Region, Sunnybrook and Women's College Health Sciences Centre, Markham Stouffville Hospital, and the Canadian Red Cross.

MID-AUTUMN FAIRYTALE

Mid-Autumn Festival, also called moon festival, is linked to a sad love story of a hero and his wife.

In ancient time, ten suns existed. The suns caused extreme heat and was killing all living things. Hou Yi saved the Earth by shooting down nine suns. The Queen of Heaven granted him an elixir that could make him immortal. Because he wanted to stay with his wife, Chang E, he did not drink the elixir. Peng Meng found out about the elixir. He rushed to their house while Hou Yi was out hunting. He demanded Chang E to hand over the elixir. Chang E knew she could not win against Peng Meng, so she drank the elixir. Upon drinking, the elixir made Chang E to fly higher and higher toward the moon. When Hou Yi received the news, he was devastated and shouted Chang E's name to the sky. He held a memorial ceremony under the moon and offered food to her. Since then, people offered food to worship the moon.

Now Mid-Autumn Festival symbolizes reunion of family and praying for good luck and peace.
